

Professional Claims - EDI Quick Reference

Per HIPAA requirements, Apex requires all providers submitted in electronic claims contain the NPI number as an identification. Per AHCA suggestions, if you are having trouble with payments, please include your Medicaid number in claims submission as well. If payments are received, please work with AHCA/EDS to determine issues with NPI and continue working towards submission with NPI only to receive complete payments.

837 Professional Claim	Provider Identification With NPI Solution	
Billing Provider Loop 2000A (Required)	NPI: NM108 = XX and NM109 = NPI	<i>Required</i>
