

Florida House of Representatives

Representative Mia L. Jones

District 14

February 3, 2010

Dear Participating Physician,

It has been said by the Florida Agency for Health Care Administration (AHCA) that, "Florida is leading the nation in changing the Medicaid program. For the first time, we will offer true flexibility in the program so health plans can better target the needs of the program's participants." This approach is said to better match health care services with the needs of the citizens being served. However, as a member of the Legislature my goal is to ensure that we create a better Medicaid program with a focus on Quality Patient Care.

As we prepare for the 2010 Session, we are currently listening to testimony from various stakeholders (HMO's, Safety Net Hospitals, and others) in the Medicaid Reform Process. Since Duval County is a key player in this pilot, I want to ensure that I have a true understanding from the Providers in the Duval County Area of the experience they have had. **On Tuesday, February 23, 2010 from 6:00 PM – 8:00 PM at the Florida State College at Jacksonville, Downtown Campus Auditorium, I am inviting you to sit down with me and other members of the Duval Delegation to share your experiences.**

Thank you in advance for your willingness to join me and for your commitment to serve the most vulnerable within our community. If you are able to attend, please call my office at (904) 924-1615 to confirm your attendance.

Sincerely,

A handwritten signature in black ink that reads "Mia L. Jones". The signature is written in a cursive style with a star above the letter 'i' in "Mia".

The Honorable Mia L. Jones
Florida State Representative, District 14
